

NEW FOOTBALL KIT

Mr and Mrs Lashford kindly sponsored a new football kit for Light Hall School. Their son (Darren - last years yr11 leavers) has been through the school and played in cup winning teams throughout his time at school. They wished to continue to support the school and have kindly bought this new kit.

Their support is fantastic and it is great to see the students in the new kit. I would like to thank them for their continuing support and their kind contribution.
