20th January 2012

Dear Parent/Guardian

As a school, we were disappointed overall with the recent science modular results. Further analysis suggests that there were a mix of reasons. It was a new exam specification and format and the questions were exceptionally difficult when compared to previous exams, a point stressed by schools across the country. There were problems with retention from Year 9, compounded by staffing difficulties last summer. There were also concerns about the quality of personal revision by the students, an aspect which we will look to address in class.

In the circumstances, we have made the decision to enter students for a re-take at the school's expense. If you have already paid you will be issued a refund.

I apologise for any confusion over this issue. We shall work with your child to improve their preparation for the retake. There will be a number of after-school revision sessions. Please encourage your child to attend.

Yours sincerely

V Scutt
Head Teacher
